INSIDE THIS ISSUE

- 1 Merry Christmas
- 1 Meet Danny Williams
- 2 **Legislation changes – 2010**
- 3 What are Custom Applications?
- 4 List of Services

Meet Danny Williams.....

Danny joined Quest Computing on the 2nd November as our new IT Consultant.

He has previous experience supporting technologies such as Windows Small Business Server, Microsoft Exchange, Cisco and Netgear, Virtualisation and Windows mobile devices and has Extensive LAN/WAN/Hardware/Software knowledge.

In the New Year we are hoping to get Danny to visit you all and familiarise himself with your IT systems.

In the meantime please do not hesitate to contact him on danny@questcomputing.co.uk

VAT and Online Submission changes 2010

Is your Sage
software in need of
an upgrade?
If yes, please email
me on

Sharon@questcomputing.co.uk

for a quote....

**The standard rate of VAT increases to
17.5% on the 1st January 2010.**

If you need any further information with regards to this matter or would like me to email the Sage procedure to change this on your software, please email me on sharon@questcomputing.co.uk and I will send them on to you.

From April 2010 VAT registered businesses with a turnover in excess of £100,000 must submit their VAT return figures online.

This feature is only available in the more recent versions of Sage, if you are not sure if your version has this feature please ring on 0114 2750006 or email us on sharon@questcomputing.co.uk.

Further information about these changes is available from the HMRC website.

Custom Applications

If someone could wave a magic wand and allow you to do, see, manipulate and search all the information required to do your job in one application - would that be of interest?

A custom application can bring together the simple day to day tasks, the more complex procedures that are tailored specifically to your company and integrate applications such as Sage and MS Office.

If you wish to discuss this further please feel free to call Phil on 0114 2750006 or email him on phil@questcomputing.co.uk

Is your hardware feeling a little blue this Christmas?

Why not treat it to a free health check?

Simple email us on sharon@questcomputing.co.uk to arrange an appointment.

List of Services

- **Support Contracts:**
Whether you need telephone assistance or full network support we can tailor a contract to suit.
 - **Installation of IT Systems:**
Supply and installation of hardware and software to suit every client's needs.
 - **Accountancy Solutions:**
Suppliers of leading UK accountancy packages, including SAGE, together with a full back-up service.
 - **E-commerce:**
Installation of full e-commerce facilities, allowing you to do business on-line.
 - **Consultancy Services:**
Independent and impartial advice on new and existing hardware and software systems.
