Our New Website

Our New Years Resolution this year was to get our website updated and more user friendly.

We wanted to bring it more up-to-date but also to have more information available to our customers about who we are, what services we offer but mainly to have up-to-date information on software and hardware that is available to you.

Our newest addition is a link which enables you to **TEST DRIVE** the Sage software before buying.

We are very excited about this as it is a great opportunity for you to see exactly what Sage can do for your company or look at the latest version if you are considering an upgrade.

All you have to do is go to our website www.questcomputing.co.uk and go to the products page and click on the SAGE logo.

We are continually striving to make sure you the customer is as well informed as possible so if there is something you would like to see on the website then please email me on sharon@questcomputing.co.uk.

INSIDE THIS ISSUE

- 1 Our new website
- 2 Sage Payroll 2009 – Important legislation changes.
- 3 Test Drive Sage TODAY!
- 4 List of our services

Sage Payroll 2009

DON'T FORGET!

If you are considering Payroll 2009 it needs to be in and ready for use before the end of March ready for the new payroll Year. To order the latest version, email me on Sharon@questcomputing.co.uk for prices or further information.

*****IMPORTANT NOTICE*****

In the Chancellors budget of 2007 and 2008 there was an introduction of an Upper Accrual Point which changes the way in which National Insurance Contributions will be calculated with effect from 6th April 2009.

This change effects the calculation and production of National Insurance reports throughout the forthcoming financial year.

To cope with these changes your Sage Payroll program **MUST** be updated with this new legislation.

The only way to get this update is by having a Sagecover contract. With this you will receive a year end update that will prepare your program for the 2009-2010 tax year.

If you are currently using Sage Payroll without Sage cover and would like me to get a quote for you please email me on Sharon@questcomputing.co.uk and I will be happy to help.

Test Drive Sage TODAY!

In today's credit crunch climate we are all being extra cautious where money is concerned so we are very excited to offer you a chance to test drive Sage before you consider buying it or even if you are considering an upgrade to the latest version.

Just go onto our website www.questcomputing.co.uk, go to the products page, click on the Sage logo and then click on test drive and you are away.

Sage Stationery

Here at Quest we can now supply you with Sage stationery, anything from payslips to invoices to customised cheques.

When ordering Sage Stationery from us we offer:

- Ease of ordering - all orders and price enquiries are done with one simple email to:
